

Great Ways to Use These Pages:

✿ **Storytelling Tool:** Photocopy the Bible story coloring page to use as a visual aid during storytelling time. As you tell the story, color in parts of the picture to keep children's interest and to help them focus on the part of the story you are telling. For larger groups, make transparencies and color them on an overhead projector as you tell the story.

✿ **Felt Board Figures:** Glue a colored Bible story coloring page to poster board. Cut out the main characters and then glue strips of felt to the backs of the characters. Use them with a felt board to give visual impact to your Bible storytelling.

✿ **Story Review:** Photocopy a coloring page for each student. After telling the story, ask questions to review the story as children color.

✿ **Review for Early Arrivals and Transition**

Times: Photocopy coloring pages of Bible stories you have recently talked about. Early arrivals can have a choice of pictures to color, giving you opportunities to ask questions and talk with

children about those stories. Also have copies available for children who finish an activity ahead of others and for other transition times.

✿ **Coloring Game:** After you've told the Bible story, place a variety of colored markers on the table. Distribute copies of the Bible story coloring page. Volunteers tell one part of the Bible story. Then each child chooses a marker and uses it to color one part of his or her page. When they're finished, children put markers down and volunteers tell another part of the story. Children then choose another marker and color another part of the page. Repeat the process until the pages (and story!) are completed.
