

God's people sing praises.

2 Chronicles 20:1-30

King Jehoshaphat loved and trusted God. One day some men came to tell him that three armies were coming to attack his country. King Jehoshaphat was worried! He decided to pray to God.

King Jehoshaphat asked everyone to come to Jerusalem to pray to God for help. Many people came—from grandparents to children. The king stood up in front of everyone and prayed for God to save them. God heard their prayers. God promised to help them.

God told the people to march to the top of a mountain. Jehoshaphat gathered his army together. To show that they loved God and believed His promise to help them, the people

chose singers to lead the army instead of soldiers. The singers marched ahead of the army, playing their cymbals and harps. They sang, "Give thanks to the Lord, for His love lasts forever."

While they were marching to the mountain, God caused something amazing to happen. The three enemy armies began fighting each other! Soon there was no one left to fight!

The army returned home, singing praises to God. Everyone heard how God fought the battle for them and answered their prayers. All the other armies were afraid of God's people now. There was peace for a long time because God's people had obeyed God and praised Him!
